## LIBRARIAN'S REPORT

The Library was open a total of 107 days from January 8th to December 31st. From July 1st through September 3d it was open daily from 10 a.m. to 12 noon; from September 6th through September 27th it was open three days a week at the same hourse. The remainder of the year it was open each Saturday from 2 p.m. to 5 p.m.

During 1949 2219 books and magazines were taken from the Library. The Bookmobile visited five times leaving 197 books in addition to books left at th eschool. On the last two

visits of the Bookmobile only books for children were left, due to curtailment of State appropriations to the State Library. The loss of adult books from the Bookmobile has been keenly felt by the users of the Jackson Library.

Twenty-nine books were added to the Library by purchase and gift, making a total of volumes in the Library 5,630. In addition the Library has subscriptions to the following magazines: Saturday Evening Post, Reader's Digest, Ladies Home Journal, Good Housekeeping McCalls, America Home, Child Life, Jack and Jill, Living Tissue, Our Dumb Animals, New Hampshire Troubadour, Red Book, American, Cosmopolitan, and Life.

## REPORT OF THE FIRE WARDEN

### FOREST FIRES – OUR MOST SHAMEFUL WASTE

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In

In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public — YOU!

The primary objective of all fire fighters is PREVENTION — fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
2. Securing the required written permit from the warden when the ground is not covered with snow.
3. Insisting that others be careful and comply with burning requirements.
4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

1949 Fire Record: Number of fires, 1; acreage burned,  $\frac{1}{2}$ ; number of fire permits issued, 61.

## AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Jackson, of which the above is a true summary for the fiscal year ending June 30, 1949 and find them correct in all respects.

DEAN W. DAVIS,  
Auditor

July 13, 1949

## Report of Superintendent

-----

*To the School Board and Citizens of Jackson:*

The State Supervisor of the Hot Lunch Program, Miss Ruth M. Cutter, says she is pleased with the Jackson program. Those who are helping to make this a success are to be commended for the benefits the children get from the lunches.

The pupils attending Fryeburg Academy are:

	Grade
Alice Breen	9
Carmen Davis	11
Joyce Davis	11
Esther Kelley	9

The pupils attending Kennett High School are:

Lois Flint	12
Gloria Hayes	10
Elaine Smith	10

A law passed by the 1949 State Legislature requires the Supervisory Union to prepare a budget for the Union employees' salaries and expenses. The charge to each district is determined by the number of pupils and the valuation of the District.

The teachers are Mrs. Flora Chandler, graduate of Gorham Normal School, grades 1-3, and Mrs. Virginia Whiting, graduate of the University of New Hampshire, grades 4-7.

Respectfully submitted,

HAMMOND YOUNG
